### “Holy Week and More!”

In the midst of Holy Week, 2018, we mark the final steps in our spiritual Lenten walk.

On Maundy Thursday our Lord invites us to kneel at His Table to receive His gift of grace in Holy Communion. “Maundy” is a strange name given to this “Thursday of Holy Week.” The word “Maundy” is derived from the Latin word “maundatum” which means “mandate” or “command.” It embodies the “new command” or “new mandate” given to the disciples by Jesus. The new “maundatum” involved loving one another as He had loved them. The new “maundatum” embraced the “new covenant” He gave by changing the “old covenant” into something “new.” In the “new covenant” He goes beyond simply remembering the past and, instead, changes it into a sacred action wherein He gives His true body and true blood veiled in earthly elements of bread and wine. In receiving His body and blood anew, we are reaffirmed that our sins are forgiven and we are given strength for living out our faith.

We are invited to come back to church from 8:30 p.m. to 11:30 p.m. that night and participate in a Prayer Vigil- reminding us of the time Jesus feverishly prayed to the Father with His disciples. We will sign up for an hour to be with our Lord Jesus in devotion and prayer, personally confessing our sins and receiving His Word of pardon and peace with God through His suffering and death.

From Maundy Thursday we walk into Good Friday. Our spiritual steps become heavier as we focus on Calvary’s cross and the cost of our redemption through the innocent, bitter sufferings and death of our Lord Jesus Christ. We realize that this day is called “Good” only because of what we received through all the “bad” experienced by our Lord Jesus. The evening Tenebrae Service of Shadows gives us a crisper focus on

our Lord's agony in rejection. As that service ends, we leave a darkened sanctuary impressing on us the fact that Good Friday is the most solemn day of the Church Year.

And on Sunday morning it becomes apparent that the Lenten Season is officially ended and the Easter Season has begun! Easter Morning begins for us at the 9:15 a.m. SON-rise Easter Festival Service of Holy Communion, followed by an Easter Breakfast. This is a time for us to joyfully celebrate the Resurrection from the dead of our Lord Jesus Christ! His victory over sin, death, the grave and Satan's power has been given to us! His Easter victory empowers us to live as His joy-filled Easter people!

As we solemnly conclude the Lenten Season, may we be filled with the Holy Spirit's joy as we celebrate and live out our Easter assurance!

With Easter Joy in Jesus,

Pastor Chris Ongstad

Lent IS A TIME TO  
GROW  
CLOSER TO JESUS

Over Lent we want to take some special moments to share testimonies from some of our very own members here at Holy Cross. Here are some very special stories, and some very special witnesses, about God's grace working in the lives of His children.

"There isn't a day goes by that I can't see God working in and with me. Many times I feel so alone and unneeded, but after praying and reading scripture, I'm ashamed to say those same things. God's always there! In joyful times, depressing & sad times, and lonely times, the Love of God in Jesus Christ shows me that I do have that "best friend" in Him. I'm confident that my prayers are answered, even if they aren't always answered the way I'd like them to be. I understand it's according to his will and time. I have been blessed

with a wonderful Church-family, some good friends, a solid Christ-filled home life full of love and compassion, a strong pastor/teacher example, all that I need in my life, and I owe it all to God. Because of what I've learned through the years I'm able to show that same love of Christ wherever I go. It's just a natural thing. Yes, I do have my faults and doubts, but my relationship with Jesus reminds me of what I should do right and where I should be to help others. I am so honored and privileged to be that child of God and hope that it shows through my words and actions."

-Jeanne Simovic

Remember how St. Paul lamented about how he always didn't do the things he wanted to do and did do the things he didn't want to do? Of course, this is true for all of us but it especially made me think about the sins of my youth. If I were to describe here all the ways I broke God's Commandments back then, the paper needed would kill so many trees there would be an ecological disaster. So, I will briefly discuss just one, keeping the Sabbath day holy.

Thank God, at some point when I was an adult, both of my parents worshiped God regularly on Sunday. My mother here at Holy Cross and my father at St. Christina's. But, that was not the case for any of us when I was growing up. Usually, Sundays were spent on other things. Without work or school going on during the weekends, it was important to make good use of all that precious time. I didn't even get baptized until I was 18. But, if anyone asked, I was a Methodist. Then I started dating Pauline. I remember one time we were going to spend the day with another couple at Kankakee State Park. But Pauline would not go because we wanted to leave on Sunday morning and she would have to miss church. Couldn't she miss church one Sunday! It was clear that God sent this person into my life to help me set my priorities and straighten out my head. **A JOB SHE HAS YET TO RELINQUISH.**

That got me to thinking. Jesus had a youth too. But there was no sin in it or any other time of His life. God sent His Sinless Son to take onto Himself the sins of my youth and all the others thereafter. And He sends people into our lives to help set our priorities.

Blessed be His name.

## **TITHE VS. OFFERING WHICH IS WHICH?**

*(Edited from a letter written by Rev. Thomas Soltis, Stewardship Chairman, SELC District)*

The Old Testament had two categories for giving - the tithe and offerings. Offerings were not acceptable to the Lord unless the tithe was already given. The N.T. frees Christians from the legalism of O.T. Law so that we can no longer "command" the tithe be given. Nevertheless, in current terms, some theorize "offerings" as "special gifts" above the "percentage commitment" (proportionate percentage of annual income whatever it be - 2%, 3%, 5% etc.). Offerings (Food Pantry Fund, Trustees Fund, Parking Lot Fund, Memorial Fund, Flower Fund, Evangelism Fund or whatever other designations) are not part of the tithe. Some parishioners may be tempted to pledge to a special fund and subtract the amount from their support of normal congregational operations (robbing Peter to pay Paul). It is best to have a one envelope system (or one item on the church envelope) to cover everything. It makes it easier to give and convenient to establish an annual commitment percentage divided by 52 for weekly giving.

**SLICE OF HOME**- According to the United Nations, throughout the world, there are approximately 22.5 million refugees looking for some slice of home outside of the place they had known. In one of Chicago's most diverse neighborhoods, Albany Park, many of these individuals and families find their piece of home.

When the former deaconess of Tabor Lutheran Church read a post on EveryBlock, a community discussion board, the church reached out and connected with people serving refugees and invited them to share a meal at Tabor. This meal led to an organized program which now serves to provide household items, diapers, and connection points for refugees settling into life in Albany Park.

Most of the refugees Tabor works with came to the United States from Afghanistan, Iraq, and Iran with Special Interest Visas, which they gained by working with the United States government, particularly the military, while they were in their home countries. Many of the men in these families even gave up their previous jobs to help the United States. Upon arriving in the United States, agencies help refugees get settled. However, agencies often only have the resources to help families find an unfurnished apartment. New to the country, many of these families do not have financial resources available to furnish their apartments. This is where Tabor and the community meet these families in their place of need.

Conversations began among the group who gathered for a meal at Tabor to see if anyone knew anyone who had beds, household equipment, or finances to be put toward computers and telephones which they would be willing to donate to these families. Significantly, the answer was, "yes!"

Tabor dedicated a few rooms to house these items, and twice per month refugee families are welcome to come take what they need, including diapers, at no cost. This led Tabor to begin building relationships with these families. One Christian Iranian family attended Tabor for several months before they had to move again, Pastor Robarge has been able to meet regularly with the dad of an Iraqi family who recently moved in across the street, and a few families have come out to Tabor's monthly community events.

The Lord has used Tabor to play an important role in the lives of these families as they transition to life in a country and climate vastly different from their own. Agencies now connect families to Tabor before they even arrive in the country. This ministry has not only allowed Tabor to serve refugees, but has given Tabor a more familiar presence in the neighborhood. Pastor Robarge says, "a lot of people have seen Tabor or walked by Tabor, but have never been inside. It's given them the chance to see that we're a church that's for our neighborhood and want to care people." Maybe, for some, recognizing that will be the step which leads them to walk in the front doors.

# JOSH'S CORNER

Well, I now officially have less time left here than time I have spent here. The days are winding down, and I want all of you to be in the loop as to my remaining adventures here at Holy Cross.

**March:** Lent will be a fun time of gathering testimonies together to publish on facebook and in the newsletter. If you are interested in telling a story of God's love in your life, please share it with me!

**April:** After Easter is over we will be launching a second Joining Jesus Missional Community. More details can be found about that in the Evangelism section of my corner.

**May:** My time in May will be exciting for sure. I dearly hope to be able to visit my family for the last time for my little sister's college graduation. Joining Jesus: Session 2 will also be in full swing, and VBS will be looming around the corner.

**June:** Pastor Chris will be gone for two weeks toward the beginning of the month, and so my preaching responsibilities will rise up again. Not only that but I will be very much involved with summer neighborhood activities and preparing for our special two-day VBS.

**July:** The final month. A month of saying goodbye, and of finishing and executing our VBS.

I very much look forward to a successful ministry to the children of Alsip alongside of you. As every month passes, I am only more and more thankful for each and every one of you.

Your servant in Christ,  
Josh

## EDUCATION

How we make the transition from being a student to a disciple? Some might claim that the difference is nonexistent, that there is no true distinction between the two. A student is someone who learns, who is bent on educating themselves, on receiving knowledge from a higher source. A disciple is someone who practices a certain discipline: they follow a path. In our faith we study, and are students of, one thing...the Bible. It is our great instructor and our high source. However, we are called to be a disciple of a different sort of Word, Jesus Christ himself. Being a student of scripture and a disciple of Jesus, while both pay homage and respect to our God, are not inherently the same thing. While following Jesus would most certainly include a relationship with God through his written word, to follow in the path and steps of Jesus requires something that solely being a student does not ask for: action.

If you desire a deeper relationship with your Savior, it may mean that you begin taking bold steps of faith through your actions. Not to earn a greater salvation or personal glory, but rather to follow two of Jesus's commands, "Follow me", and "Go make disciples of all nations."

Where in your faith is God calling you not just to follow a Bible, but to follow Him through the Spirit? Where can we take our well-learned education in the church and use it to serve the world around us?

## EVANGELISM

Joining Jesus, Session 2, will begin soon. As of now, we expect to begin hosting classes for our second Missional Community the week after Easter. If you missed out on the subject matter of the first class, then here is a brief overview of what you can expect to learn, and how you can grow. The crux of the content is encapsulated in five simple practices and their respective questions:

**Seeking the Kingdom-** *Jesus, how can I follow you today in my interactions with others. What are you up to?*

**Doing Good-** *Where can the people around here be helped, where is some grace, selflessness, mercy, or love needed?*

**Talking with People-** *Who needs to be listened to? How can I talk WITH my neighbors instead of AT them? What kinds of conversations am I having with people, especially pre-Christians?*

**Hearing from Jesus-** *What is God teaching me through my time in The Bible? What sorts of things might I learn if I read a gospel, and listen to the direct words of Jesus?*

**Ministering through Prayer-** *How can I help my neighbors through prayer? Should I take some time to pray for them on my own, as well as WITH them when I hear about their problems and joys?*

These five practices are essential in order to put any missionary, whether overseas or in your very own neighborhood, into position to Join Jesus on his mission. If you are curious as to how these five practices work, as to how you can grow from someone timid about the very idea of talking with your neighbors to someone who looks forward to seeing the kingdom of God through their interactions, then prayerfully consider joining our next Missional Community group this upcoming April. I would love for you to come alongside like-minded believers who trust that the kingdom of God can and will grow in our neighborhoods.
